

Help Bridge the Gap for a Maine child!

Make a
Donation
and Make
a Smile!

Robbie Foundation has worked to provide much needed adaptive equipment, assistive technology, and therapy treatments to Maine children with special needs, but there is so much more to be done. Want to help? Pick from our list of unfunded items and help bridge the gap for a specific child in need. It doesn't take a lot to make a world of difference!

	is in need of	Cost
Cole	an Exercise Ball to help him during his therapy sessions	\$85
